## LRCC Golf Notes . . . . .

LRCC strongly discourages 5-somes at all times. However, we understand that group size and numbers change frequently. The pro shop does not authorize 5-somes. If you are playing five, you must keep pace with the group in front of you. If a smaller group catches your group, you must let them play through as soon as possible or split up and play 2 and 3. **No exceptions!** *Always remember to play ready golf.*

The Board of Directors firmly believe that 18-hole rounds should be played in 4 hours or less. Please consider playing the forward tees if you cannot keep pace. When the course is crowded (most holes full), we do not expect you to let the smaller groups play through. However, if you have an open hole in front of you, please let faster groups play through.
